

## Inviting and Endorsing Instructions

Encounter communities can only grow slowly. New joiners need a tiny bit of Leu to get started and register for the next ceremony. In the early phase, bootstrappers may endorse newbies in order to ensure they get a seat in the next ceremony

### Inviting

Everyone who has a few Leu can invite new people by sending them at least 0.1 Leu

let the newbie you'd like to invite share their account as QR code and scan it. See [Onboarding Instructions](#)

newbie

Save

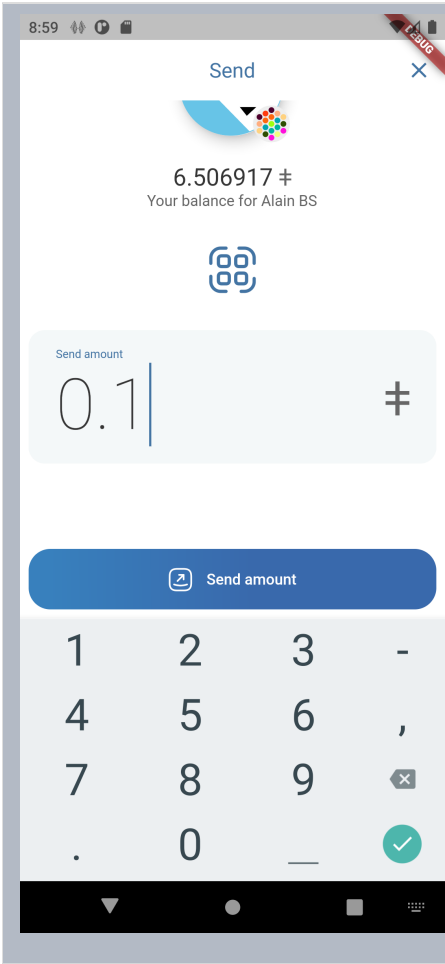

tap save

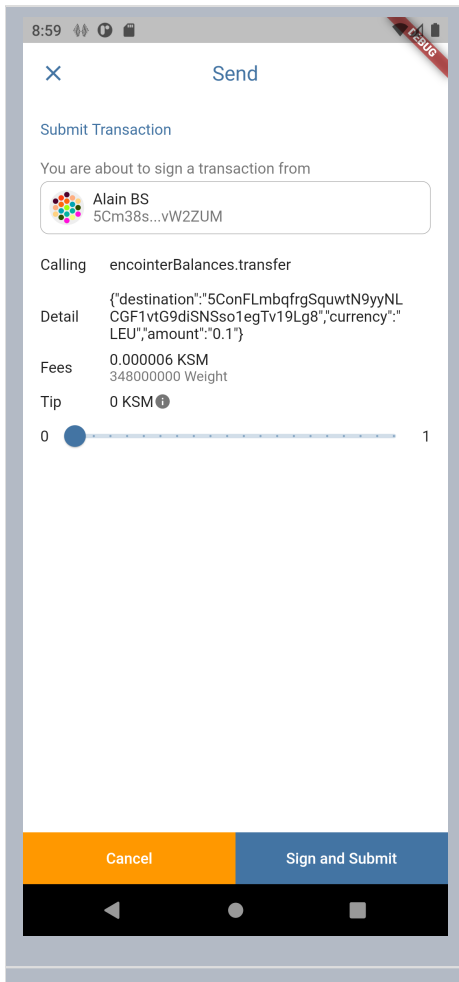

the new contact shows in your address book

tap send tokens

send at least 0.1 Leu

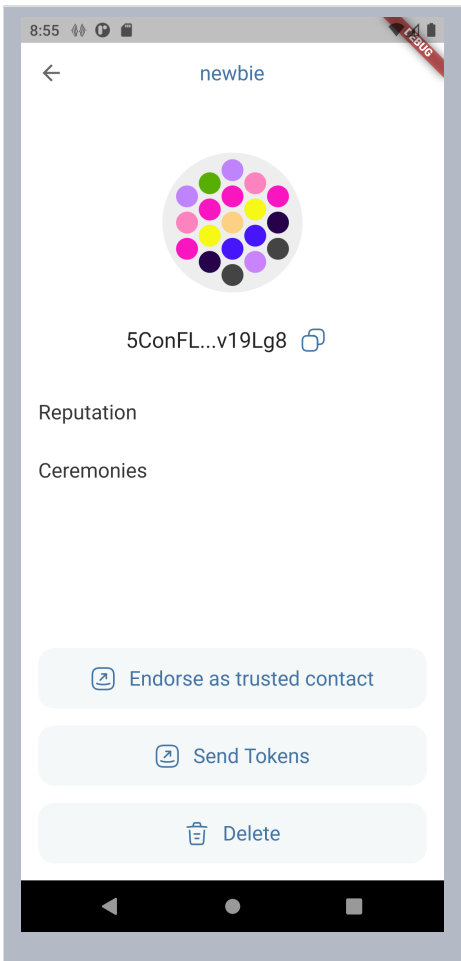

sign and submit by providing your PIN

## Endorse a contact

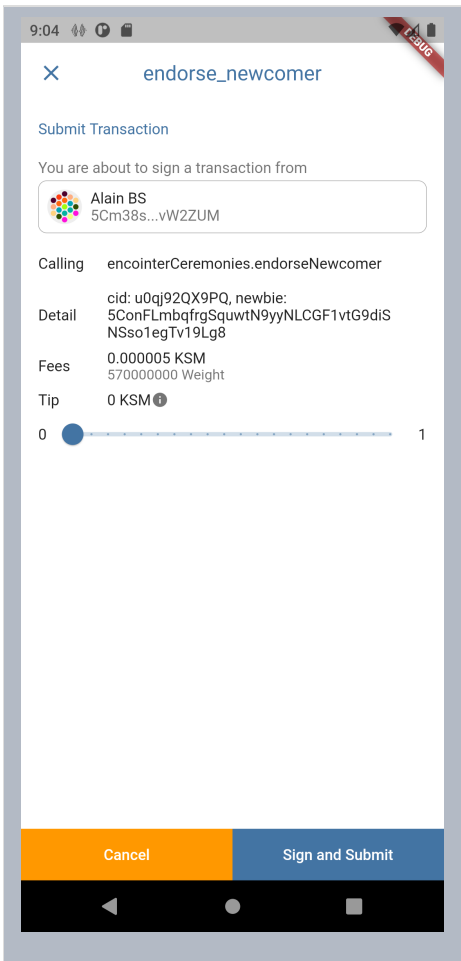

If you are a bootstrapper, you have a few endorsement tickets to grant to people you trust to follow encounter's rules and to really participate in the upcoming ceremony

- only endorse people you trust
- only endorse people who commit to register and appear for the upcoming ceremony
- endorsement is only possible during the Registering phase prior to a ceremony and must be done BEFORE the newbie registers for the ceremony
- even if you endorse, you still need to send at least 0.1 Leu to the newbie for them to be able to register and participate

If you are a bootstrapper, you'll see an extra button "Endorse as trusted contact"

tap *sign and submit* and confirm your PIN

after this endorsement has been confirmed, the newbie may register for the next ceremony and is guaranteed to be assigned a seat
